CHINNOR (INDEPENDENT) BIRTHS & BAPTISMS

The baptisms are recorded in three registers. The first, dated June 23, 1803, (RG4 1594) contains 23 entries; these are repeated in the second register (RG4 2867). The entries in the second register and the page on which they occur are listed below in alphabetical order. (Where a birth is also recorded in the first register, which is numbered by folio, the folio is given in brackets after the page in the second register). The date of birth is given above and the date of baptism below. A parent's signature in the register is indicated by (s) after the name and by (X) if by mark. All the entries in the second register are signed by the minister John PAUL.

The following is on a sheet of paper attached to folio 16 which was sent to the Commissioners for inquiring into the State, Custody and Authent of Non-parochial Registers:

Sir,

I herewith send you the appendix to the Register book of Births and Baptisms belonging to the Independent Chapel of Chinnor, Oxfordshire, which book was transmitted to the Home Office in June, together with answers to certain questions. I have made investigation of the several particulars respecting the children not baptised by me and feel no hesitation in stating my opinion that all things are perfectly correct.

You will perceive that some of the children were born some distance from Chinnor, from whence this paper comes, the reason why I have them to register is that they are now permanently resident in this neighbourhood.
