

Working Together

Teenagers here in Chinnor
Watlington or Thame
Which ever school we go to
Our moans are all the same

The youth clubs are all boring
And cafes, there are none,
We are all complaining
But nothing's ever done

"The adults never listen"
"They wipe us all away"
"They treat us all like kids"
But is this fair to say?

They did arrange a disco
They gave us all a chance
But some of them among us
Didn't go to dance

They went to cause a riot
Fighting hand to hand
And because of those few people
Our precious disco's banned

So let's not blame the adults
It's not them that's in disgrace
Instead let's work together
To make Chinnor a better place
